

Animal Dominos

Age: 4-5 years

What's needed

5– by 8-inch index cards
Pictures of animals
Scissors
Glue
Contact paper
Felt markers

What to do

1. Draw a line across an index card to divide it in half.
2. On each half, glue a different picture of an animal. Make a variety of “dominoes,” making sure you have at least six different animals for children to match. Cover the index card with contact paper.
4. The children make chains by matching similar pictures on the dominoes.

What children will learn

Sequencing, matching
