

# Be the Wind

**Age: 3 years and up**

## What's needed

Small light-weight items that will float in water  
Shallow pan or sink  
Water

## What to do

1. Put small, light weight items that will float into water in a shallow pan or puddle or sink.
2. Children can blow to make the items move from one place to another, like the wind moves sailboats.

### **CAUTION**

**Due to choking hazards, this activity is not intended for children under three years of age.**

**To prevent drowning accidents, young children must be supervised around water at all times. An adult needs to be no more than an arm's length away.**

## What children will learn

Science, water play
