

Blotto Painting

Age: 1-3 years

What's needed

Tempera paint
Small pie pans or bowls to hold paint
Large sheets of heavy paper
Large spoon

What to do

1. First, mix the dry tempera paint with water.
2. Have children place a blot of paint on a sheet of paper, using a large spoon.
3. Have them lay another sheet on top and press down to make a design.

Variation: Use two colors of paint to see how the colors blend.

What children will learn

Creative expression, small motor development
