

Brush Your Teeth

Age: 2 years and up

What's needed

Paper (white or yellow)
Scissors
Toothbrushes
White tempera paint

What to do

1. Children can cut out a large tooth from white or yellow paper.
2. Using real toothbrushes (ask for donations from your dentist), have children paint white tempera paint onto the tooth, using the toothbrush as they practice brushing.

What children will learn

Dental hygiene, large motor skills, community helpers
