

# Can You Guess Game

**Age: 4-6 years**

## **What's needed**

Various classroom items (scissors, ruler, eraser, etc.)

## **What to do**

1. Collect objects from around the classroom (scissors, ruler, eraser, cup, chalk). Put them on the floor on a large sheet of paper.
2. Say, "I'm not going to say its name. I'll say something about the object I am thinking about. See if you can tell me what object I am talking about. Raise your hand if you know." (Keep giving hints until the children guess correctly.) "What has two circles for two fingers?" (Scissors) "It's long and thin with numbers printed on one side." (Ruler) "What makes pencil marks disappear?" (Eraser) "You can fill it with milk." (Cup) "What's white and small, and writes on the blackboard?" (Chalk)
3. Use a variety of items and make up appropriate clues for them.

## **What children will learn**

Vocabulary, problem solving
