

Caterpillar Creations

Age: 2 years and up

What's needed

Socks
Newspaper
Yarn, string, or rubber bands
Scissors
Markers
Glue

What to do

1. Children can crumple newspaper and stuff it loosely into a sock.
2. Have them wind pieces of yarn around the sock in a couple of places to make the caterpillar into moveable segments. Older children can put rubber bands around the sock.
3. Tie the end of the sock shut with yarn.
4. Add features with markers or glue on features with older children.

What children will learn

Small motor skills; nature awareness; sculpting; creative expression
