

Dress Up Vests

Age: 3 years and up

What's needed

Brown paper grocery bags
Scissors
Markers or other drawing and decorating materials

What to do

Brown paper grocery bags make great vests that can be decorated by children and worn to represent many different costumes.

1. Cut a hole in the bottom of the bag for the child's neck.
2. Cut holes for the sleeves, one on each of the smaller sides of the bag.
3. Slit all the way up one of the wider sides for the front of the vest.

What children will learn

Dramatization, make believe
