

Magic Picture

Age: 5-8 years

What's needed

Black crayons
Black construction paper
White tempera paint
Paintbrushes

What to do

1. Have children draw on black construction paper using black crayon. Be sure to press hard.
2. Using slightly watered-down white tempera paint, paint over the entire drawing. The invisible picture will show.

Variations: Use a variety of colors. Any crayon or construction paper of the same color will be suitable for this project. Even a white crayon on white paper can be used with colored tempera paint.

What children will learn
