

Magnet Fun

Age: 3 years and up

What's needed

Magnets
Small metal items

What to do

1. Using lots of small items and a magnet, allow children to experiment and see which items are magnetic and which aren't.
2. Gather items to try from nature or from the toy area.

CAUTION

Due to choking hazards, this activity is not intended for children under three years of age.

What children will learn

Small motor skills; science skills
