

Make a Nest

Age: 3 years and up

What's needed

A real bird's nest outdoors
Natural materials from outdoors
Pictures of birds' nests

What to do

1. If possible, take children to see a real bird's nest. Observe materials in the bird's nest.
2. Show pictures of some nests.
3. Next, ask children to make nests using materials gathered from outside or from the art center.

What children will learn

Nature awareness, science skills, small motor skills
