

# Musical Hide and Seek

**Age: 18-36 months**

## What's needed

Small music box or radio

## What to do

1. Wind up a small music box or turn on a pocket radio and hide it just out of sight of a toddler.
2. Go with the child on an expedition, and see if the two of you can find where the sound is coming from.
3. You could also do this with a CD player or alarm clock.

## What children will learn

Listening skills, problem solving
