

# Sun Catcher

**Age: 0-6 months**

## What's needed

Aluminum foil pie plate  
Pencil or nail  
12 inch piece of string  
Scissors

## What to do

1. Using the pencil or nail, punch holes in the plate to create an interesting pattern.
2. Punch a hole near the edge and attach string securely.
3. Hang in a window.

Sunlight shining through the holes will cast an ever-changing pattern throughout the room. Babies will enjoy watching the moving pattern.

## What children will learn

Vision, curiosity
